

Paul's Letter to The Romans

Notes

Author: The Apostle John (who also wrote the gospel of John and Revelation).

Main Themes:

It's interesting to note how these 3 letters (not addressed to the same place) all build off of one another:

1 John: This letter takes us back to the very basics of Christianity and the gospel which is especially important as we learn how to love one another.

2 John: This letter talks about how, in light of the basics of our faith and the gospel, we are to show hospitality to one another.

3 John: This letter is all about seeking unity while we use discernment in showing hospitality to others.

Questions to Ask:

As you read through 1st, 2nd & 3rd John over the next 30 days, consider the following questions:

- What does this passage say?
- What does this mean?
- What is (or should be) my response to what I've learned?
- How can I apply this to my life today?
